Central Florida Dive Instructors Launch New Concept in SCUBA Training

WINTER PARK, FL – Dive Instructors Spencer Jackson and Kevin Green are pleased to announce the launch of a new business venture, Surface Interval Training, LLC. Green and Jackson bring together a combined fifteen years of experience as Professional Association of Diving Instructors (PADI) members.

Recently incorporated, Surface Interval Training brings a new concept in dive training to the Central Florida Marketplace, "Teaching the Good Life." Surface Interval Training focuses not just on quality training, but on introducing people to the diving lifestyle. The diving lifestyle is one of healthy relaxation, camaraderie, social networking, continuous education, and adventure travel. "Surface Interval's primary goal is not just to teach SCUBA, but to offer people a window to a new lifestyle of adventure where they can network socially with like-minded professionals," said Surface Interval Training Managing Member, Kevin Green.

Surface Interval Training features training programs from the Professional Association of Diving Instructors (PADI), Emergency First Response, Medic First Aid International, and the American Red Cross. Courses available include Open Water Diver all the way through Divemaster, as well as First Aid, CPR, and Automated External Defibrillator (AED). Classes will be available on a schedule or can be custom scheduled as needed.

In addition to quality training, Surface Interval will be offering international and domestic dive travel services in the coming months.

Surface Interval Training, LLC. is a member of the Winter Park Chamber of Commerce.
